1. Purpose

This policy establishes requirements for employees approved to work remotely or in a hybrid arrangement.

2. Hybrid Schedule

Eligible employees may work remotely up to 3 regular workdays per week unless their approved role arrangement specifies a different schedule.

3. Approval

Remote work arrangements require manager approval and must be consistent with business, security, tax, and regulatory requirements.

4. Security

Employees working remotely must use company-approved devices, authentication methods, and secure network connections. Confidential information must not be accessed from unauthorized locations or devices.

5. Changes

The company may modify remote-work arrangements based on business requirements, role responsibilities, or changes in applicable law.
