1. Purpose

This policy establishes requirements for reimbursable business expenses and employee expense reporting.

2. Meals

Reasonable business meal expenses are reimbursable when incurred for approved business purposes and supported by required receipts or documentation.

3. Ground Transportation

Employees should use economical transportation options appropriate to the business need. Ride-share, taxi, public transportation, and rental vehicles may be reimbursable when business-related.

4. Expense Submission

Employees should submit expense reports within 15 calendar days after completing business travel or incurring an eligible expense.

5. Approval

Expense reports require manager approval and may be subject to Finance audit. Unsupported or non-business expenses may be rejected.

6. Exceptions

Exceptions require documented approval from the designated Finance authority before the expense is incurred when practicable.
